## BOOK SYNOPSIS

'Drawing on his long and practical experience [the author gives] guidance which only the foolhardy would reject without good reason for doing so. With this manual beside him, many an arbitrator will, I feel sure, sleep the sounder.' - The Rt Hon The Lord Bingham of Cornhill. The preparation of an arbitrators award requires a rigorous approach to the consideration of submissions and evidence, and to the decisions stemming from that consideration, and the arbitrator must be competent to draft a valid and enforceable award. These tasks can be complex for any arbitrator, particularly so for the less experienced. This book has been written to provide clear and practical guidance, whilst emphasising that there is no standard method of preparing or writing an award. It includes illustrations relating to a wide range of types of award. It will be of interest to all arbitrators and those involved in the process, whether they are concerned with commodities, insurance, maritime matters, rent disputes, construction or commerce.
