## BOOK SYNOPSIS

From New York Times Bestselling author, Tricia O'Malley, comes a riveting new magickal romance set in modern day Dublin. Clare MacBride has her life in exactly the order she wants it. In a year, she'll have finished her geology dissertation, though she's no closer to figuring out the answer to one question that plagues her. Why does she feel stones pulse with energy? A centuries-old curse, a mysterious faction of protectors, and a mythological godstone all sound like old world fairytale nonsense to Clare. It only takes one rainy evening with a silver-eyed fae and a handsome stranger promising protection to rock her world forever. With her life plans shattered at her feet, the lines of science and fiction blur as Clare is forced to throw everything she knows about the world out the window and look deep within her heart for answers.
